

## OCC Canonical Compendium - TOC

### 3 Table of Contents

Scope	1
Start Here	2
Roadmap	3
Document A+ - Formal Defense (OCC)	5
Addendum - Real-Judge Upgrade	48
Document A - Methodology (J0-J4 judges and locks)	53
Integrated section - Nuclear domain (J4/L4C*/L4E*)	64
Closed modules (MRD)	85
Module - Observability and instrumentation (ISAAC)	85
Module - UV projection -> Omega_I (auditable)	101
Module 4F - Operational dictionary (CUI/HUI)	119
Module - Schwinger-Keldysh (open systems)	137
Module - Effective branch, decoherence, objectivity	152
Module - Symmetries, anomalies, topology (operational)	169
Module - EFT: operational renormalization	187
Module G0 - Effective dark matter	204
Module - Vacuum and effective dark energy	219
Module - IR gravity: PPN and gravitational waves	234
Module - Operational cosmology: local-cosmo bridge	249
Module 4F - Operational unification (gating)	268
Module 4F - Dynamic unification (multi-front consistency)	283
Module - Amplitudes: analyticity, unitarity, positivity	299
Module - Baryogenesis: EDM-GW correlation	316
Predictions	331
Prediction 1 - aQGC (VBS): positivity (one-operator)	331
Prediction 2 - Cosmology: OCC prior + local-cosmo bridge	332
Prediction 3 - Baryogenesis: EDM-GW correlation	333
Prediction 4 - IR gravity: PPN + gravitational waves	334
Prediction 5 - Dynamic 4F unification: multi-front consistency	335
